

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

P R E F A C E.

THE Editor of the Catalogue, which is now presented to the public, cannot allow his work to go forth without a brief apology.

When in the year 1832 he accepted the office of Librarian, although he was little furnished with the particular accomplishments requisite for the proper discharge of his new duties, he yet resolved to fulfil them, if possible, not less worthily than his predecessors. Having continued to be honoured with the appointment, and to be influenced by the same mind towards his charge, he has at length been enabled, through the due regard of the College to this part of its trust, and the liberal aid of some of his brother Fellows, to complete a new Catalogue of the Printed Books and Tracts; and likewise to prepare and pass through the press this Catalogue of the Manuscripts.

At the present day the objects with which a work of this kind is undertaken do not stand in need either of explanation or of commendation. For it is now universally acknowledged that a printed and published Catalogue is at once a mean to the safety and to the usefulness of a collection of literary treasures; and that the guardians thereof ought, in both points of view, to possess such a resource.

Of the way in which the work in this instance has been executed the author hopes to find a favourable judgment. For himself he will only assert that he has taken pains to qualify himself for the performance of his labour. Accuracy having been his first aim, he thought it well to let each volume speak, as much as possible, for itself; and therefore he has generally given the title as he found it, in *full* and *exact form*. This will cause no inconvenience to those who would use the book; and will also improve the Catalogue as a mean of security. Incidental notices inserted in the volumes have been carefully noted as tending to mark their identity, and as evidence of their origin and history.

In the course of his investigation the Editor has collected matter of illustration, which he was precluded by the conditions of the undertaking from introducing. This matter he proposes to print separately in numbers, accompanied with a few engravings, whereby he hopes to increase the public benefit arising from a description of this Collection; and likewise to augment its interest, especially to the members of the College.

In order to explain the details of the work a few further remarks are requisite. Two tables are affixed, shewing the mutual correspondence of the numbers in the printed Catalogue, Fol. Oxon. 1697, and in the present arrangement. A very few blanks will be observed.

There is, for instance, no number in the present arrangement corresponding to 1180 in the printed Catalogue. There seems sufficient reason to suppose that Ff. III. 33, in the University Library once occupied this place. That MS. was given to the University by HEN. TURNER, Vicar of Burwell, through Dr FARMER, in 1786. The following list of its contents agrees very closely with the account of the contents of 1180 given in the printed Catalogue.

1. List of Contents.
2. Acts, Orders, Othes, upon matters of the Town.
3. *Composition* between the Town of Cambridge and the Prior of Barnwell for *Sturbridge* fair and other thynges, written 1594, by WILL. ARCHIBOLDE: (what precedes is in the same hand.) ff. 103—7
4. ————— for Mydsomer ffayre.
5. The *composition* between the Town of *Cambridge* and the Town of *Lynne*.
6. The University Charter by Q. ELIZ. concerning *Sturbridge* Faire.
7. The Town of Cambridge's Charter concerning *Sturbridge* Faire.
8. *University* Charter, as to Privileges within the precincts of the University.
9. *Pontage*,—what lands charged to mayntayne the great Bridge in Cambridge.
10. Several *Wills* relating to Cambridge.
11. The *composition* between the Town and University of Cambridge.
12. The Cry in *Sturbridge* Faire.
13. Custome and Toll to be taken at *Sturbridge* Faire.
14. Sir THO. WHITE's Gift of £100 to 24 Cities and Towns, with the order of the Towns in receiving thereof.
15. A new *composition* between the Town and University of Cambridge.
16. Fall of the River (CAM). 224
17. Names of Mayors, Bailiffs, and Treasurers of *Cambridge*, from 1488—1656 and 1659—1715. 269
18. Plea for the Town's control of the Chapel field, *Sturbridge*. 294—9

The *Index* comprises references to the names of Authors, to the titles of Subjects, to Places, Verses, Auto-graphs, Miniatures, and Illuminated Capitals.

A separate list of Donors has been appended as a memorial due to their liberality; and references to their donations are affixed.

Many of the MSS. have been bound during the last ten years, the old boards having been reduced to dust; and thick mill-board has been substituted for the *wood*.

Some volumes, which contain one or two subjects, have been lettered: and others not previously paged have in many instances received this addition.

Thus at length the design which was first entertained by the College in 1659, is accomplished by the production of this Volume, which the Editor hopes may serve the honour of his College, and the general advantage of Literature.
